An Oasis of Well-being

Beaches

Relaxing in the quiet of secluded beaches, enjoying the crystal clear water and taking long walks through pine forests that rise over coastal paths - this is Jadransko.

Coastal paths

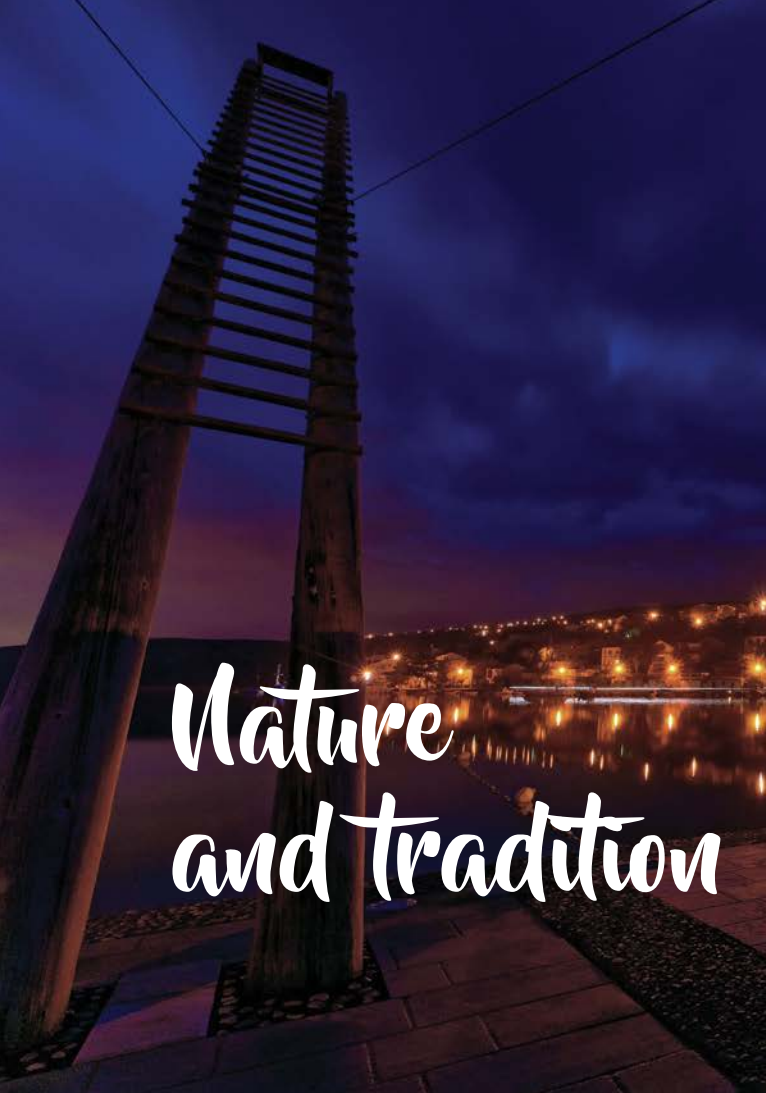

Coves

We will find a real attraction in the cove of Lokvišće - the healing mud, so it is not surprising that there is also a valuable archaeological site in the cove, the remains of a Roman villa rustica, whose master bathed on the same beach and breathed clean air.

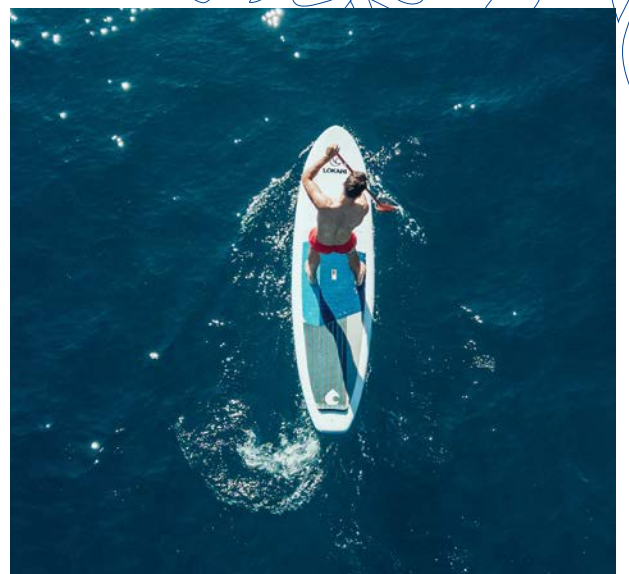

Nature and tradition

This beautiful oasis of a former fishing village has retained its original connection and harmony with nature, so Jadranovo reveals itself as an ideal destination for a family vacation - without much traffic, with modern public beaches, as well as hidden coves and romantic natural beaches.

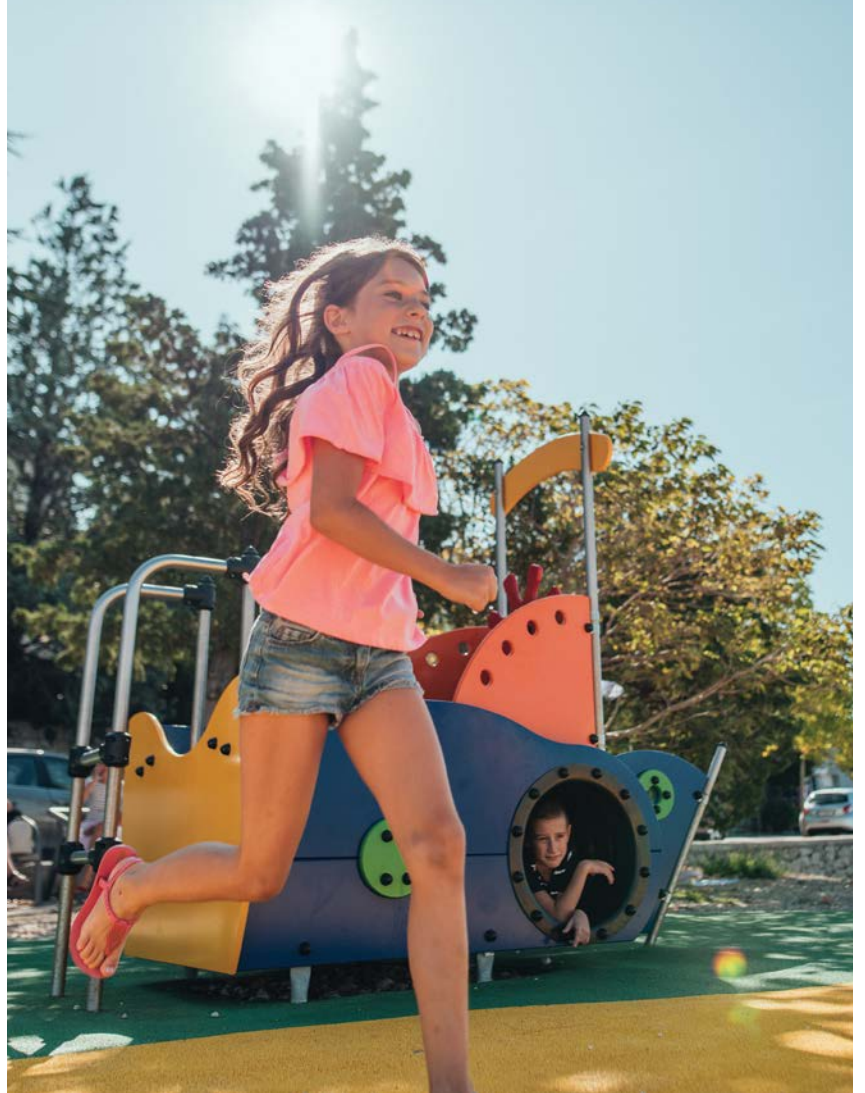

In the summer season a series of entertainment events is organized in Jadranovo, with the particularly interesting Tuna Party, Dagnjada - mussel party, Paddles of St. James (Jakovarska vesla) and Feast of St. James (Jakovlja) - a celebration of the patron saint.

Events

Family tourism

In this small tourist jewel of family tourism, there are no hotels and campgrounds, there is peace of a settlement with beautiful family houses that offer accommodation in rooms and suites, most of which in higher categories.

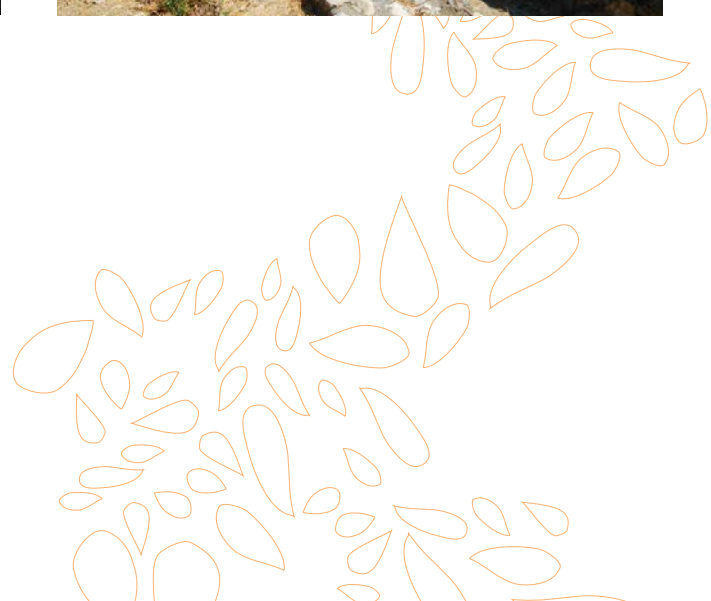

Culture

Without the noise and commotion that come along with traffic, Jadranovo deserves to be declared the quietest and most tame place of the Crikvenica Riviera, which is only nine kilometres away from the center of Crikvenica.
